

NEMO® SH Sanitary Advanced Plus Pump

For the strictest hygienic standards

The strictest hygienic standards

NEMO® SH Sanitary Advanced Plus Pumps provide superior quality and versatility for food, cosmetics, pharmaceutical industries. Our pumps are appropriate for clean-in-place processes when provided with optional flushing connections. They also meet 3A standard requirements and can be disassembled quickly for easy cleaning.

The exclusive NEMO® progressing cavity modular pump design, combined with food grade Nitrile, EPDM or Viton stators create a proven and reliable solution for all your sanitary pump applications.
